Dear Peter,

I would like to take this opportunity to say thank you to you for an outstanding comedy show last Saturday night at Seabreeze Amphitheater in Jupiter. You had the crowd howling with laughter, from the young to the old, there was a punch line for all ages.

As times are tough these days, we wanted to have a comedy show to give people a break from their troubles and you did just that. It was refreshing to hear laughter again. What a wonderful gift you have Peter, the ability to change someone's mood, from sad to happy, for at least a little while.

Thanks again Peter, I look forward to having you perform at one of our other amphitheaters in the very near future.

Keep smiling!

Sincerely,

Ann Butler
